## **We've Stepped-up our Fundraising Efforts**

Some parishioners have expressed concern over waiting 5 more years and want to see the building plan expedited - so we've stepped-up the fundraising project!

Current building funds stand at **\$1,040,817.** with pledges **\$500,000.** Yes, \$3.5 million is still the building estimate. And, yes we have a distance to travel on our fundraising road.

One parish family offered \$100,000 now instead of leaving \$100,000 to the church in their Will. The condition remains that we 'obtain other commitments totaling \$400,000 by December 31, 2009.' We continue to work diligently toward this goal.

Certainly, we are mindful that some parishioners made contributions with the understanding that they would not be asked to contribute again. Still others are waiting to come forward. Given the current economy and the possibility that it could be very advantageous to move ahead during this recession, we ask you to please consider the expedited idea. If the additional funds could be raised this year, it might mean that Christmas 2012 could be celebrated in our new church.
